YOU DEFY ALL ODDS.

People talk a lot about odds, they're scared to take risks because of "crazy" odds. To even have been born is a 1 in 400 trillion chance, THOSE are crazy odds.

SCAN FOR OUR STORY

When I survived a plane crash that killed 136 passengers including my father, I had two options: let it destroy me, or embrace the fact that I am a Lucky F*ck.

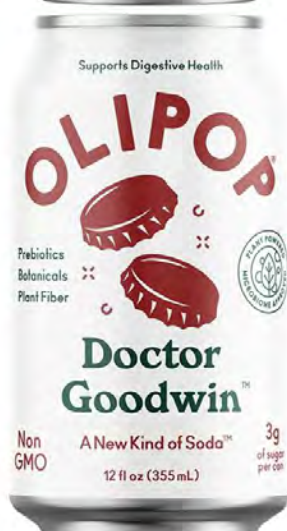

Lucky Energy is the idea of perseverance, blind faith, rebellion, and never giving up on yourself.

We live life to the fullest, we take risks, we understand that tomorrow is not guaranteed so we have to embrace today.

And, despite attempts to quiet us, censor our words, and tell us the odds are bad, we're here to fly together.

— Mr. Lucky
