In 2013, San Francisco Naturals started with a simple mission to supply healthier snacks and beverages to retailers throughout Northern California.

Our reputation revolves around quality relationships, in-demand brands, and exceptional customer service. We will always uphold those principles as we grow to differentiate ourselves from the competition.

San Francisco Naturals, Inc. is a leader in business-to-business wholesale distribution. With thousands of happy clients using San Francisco Naturals as their top food and beverages products distributor, there is no wonder why we have become the most in-demand supplier in Northern California.

In 2023, We have expanded our footprint in the craft beer business supporting our local brands across seven counties

We remain highly selective when adding new brands to our portfolio. Our buying strategy helps us separate (short-term) fads from (long-term) trends while only dealing with brands that respect our business and care about our customers.

Thanks to our amazing team, past and present—for helping us build this amazing business which has become a family. We are forever grateful to our customers and vendor partners for the years of support.

Stay Healthy,

Sam Elgandy, CEO

Fady Soryal, Co-founder and CFO

FROM THE CREATORS OF HONEST TEA

Honestly... we were heartbroken when our beloved tea brand was discontinued. After growing with us for 23 years, our organic farmers were left stranded. We couldn't let that happen. Besides, our fans were thirsty. So we got brewing.

The farmers who grow our fair trade and organic ingredients provide a healthier, more just way of life for their communities and our planet—and healthier options for you. This is just ice tea, but it's also so much more.

With Just Ice for farmers and for you,

Señ, Spike + Barry
