In 2013, San Francisco Naturals started with a simple mission to supply healthier snacks and beverages to retailers throughout Northern California.

Our reputation revolves around quality relationships, in-demand brands, and exceptional customer service. We will always uphold those principles as we grow to differentiate ourselves from the competition.

San Francisco Naturals, Inc. is a leader in business-to-business wholesale distribution. With thousands of happy clients using San Francisco Naturals as their top food and beverages products distributor, there is no wonder why we have become the most in-demand supplier in Northern California.

In 2023, We have expanded our footprint in the craft beer business supporting our local brands across seven counties

We remain highly selective when adding new brands to our portfolio. Our buying strategy helps us separate (short-term) fads from (long-term) trends while only dealing with brands that respect our business and care about our customers.

Thanks to our amazing team, past and present—for helping us build this amazing business which has become a family. We are forever grateful to our customers and vendor partners for the years of support.
Stay Healthy,

Sam Elgendy, CEO

Fady Soryal, Co-founder and CFO

ZERO CALORIES * FIVE SUPER INGREDIENTS * ZERO SUGAR

YOU DEFY ALL ODDS.

People talk a lot about odds, they're scared to take risks because of "crazy" odds. To even have been born is a 1 in 400 trillion chance, THOSE are crazy odds.

SCAN FOR OUR STORY

When I survived a plane crash that killed 136 passengers including my father, I had two options: let it destroy me, or embrace the fact that I am a Lucky F*ck.

Lucky Energy is the idea of perseverance, blind faith, rebellion, and never giving up on yourself.

We live life to the fullest, we take risks, we understand that tomorrow is not guaranteed so we have to embrace today.

And, despite attempts to quiet us, censor our words, and tell us the odds are bad, we're here to fly together.

— Mr. Lucky
